

JOHN WATT

**Director
Certigard and Automotive
Petro-Canada**

John Watt is a native of Montreal. He holds an MBA from Concordia and an undergraduate degree in mechanical engineering from Loyola. Watt's career in the petroleum industry started with Golf Canada in 1974 with several postings in Quebec, Alberta and Manitoba.

In 1985, Watt joined the ranks of Petro-Canada in Toronto and has held several positions in distribution, retail and marketing. In 1993, Watt was given the responsibility of Petro-Canada's franchise of automotive bayed facilities (CERTIGARD) as well as automotive supply activities.

In addition to being actively involved in studies conducted by the CARS Council, Watt currently is past chair of the board of directors of AIA Canada, chair of the government relations committee, and a director on the MAP Canada Board.
